Ongoing	Schools continue to manage late enrolment applications , including those from families that missed the enrolment timeframes and/or moved address. Schools must consider all late applications in line with the Placement Policy. Eligible children are entitled to enrol in their designated neighbourhood school regardless of when their enrolment application is submitted. Out-of-zone children should also be offered enrolment if your school has sufficient accommodation and the request aligns with the school's EMIP (where applicable).	Primary schools

FURTHER INFORMATION

Schools must:

- offer a place to students who live in the school zone and out-of-zone siblings.
- offer a place to out-of-zone students if the school has sufficient accommodation. If schools have limited places, they must prioritise students who live nearest the school in accordance with the department's priority order of placement.
- use forms and templates supplied by the department in the 2026-27 Foundation (Prep) Enrolment Information Pack for Schools.

Schools must not:

- communicate with parents/carers regarding the outcome of enrolment applications prior to 3 August 2026.

Student Insight (Online Enrolment)

From 2026, all mainstream primary schools in the North Eastern (NEVR) and South Eastern (SEVR) regions will use Student Insight, the Department's new online enrolment system. Student Insight replaces the paper-based process, allowing families to submit Foundation enrolment applications online and schools to manage them digitally. Schools using Student Insight for online enrolments must clearly indicate this on their website.

More information about the online enrolment process will be included in the school pack in Term 1, 2026.

Application and Enrolment Forms (existing paper-based process)

The parent/carer pack contains the application form. Schools may provide parents/carers with the enrolment form instead of the application form if they have sufficient accommodation to accept all students and the student:

- lives in the school zone, or
- is a sibling of an existing student who will be continuing at the school.

Primary schools with an EMIP and/or under enrolment pressure are encouraged to provide parents/carers with an application form.

For schools that follow a 2-stage process of application forms followed by enrolment forms, student enrolment data can be entered into CASES21 once the parent/carer has submitted a completed enrolment form from Tuesday 4 August 2026.

Template letters

Template letters are included in the pack for schools. Templates include:

- letter of offer: for parents/carers who submitted an application form and have been offered a place.
- letter confirming enrolment: for parents/carers who submitted an enrolment form.
- unsuccessful application letter: for parents/carers who submitted an application form and have not been offered a place.

Schools should take reasonable steps to follow up outstanding enrolment offers. This includes contacting parents/carers via email or phone. If parents/carers do not respond, and there is a risk that the child will not be enrolled in school for the following year, please contact your regional office for advice.

EMIPs

Schools with an EMIP **must include** information about the enrolment restriction on their website. Sample wording for use on school websites can be found on the [Enrolment: Restricting enrolments page](#) in PAL. Updated EMIP advice for the 2027 school year will be released in Term 2, 2026 in accordance with the timeline.

Late applications

Primary schools must continue to manage late enrolment applications, including those from families who missed the enrolment timeframes and/or moved address. Primary schools must consider **all** late enrolment applications received from families in line with the Placement Policy, including those received online via Student Insight.

Kinder to school transition information

For transition information, please refer to the [Transition – Early Childhood to School: Resources](#) in PAL and the [Transition: Positive Start to School Resource Kit](#).

Specialist schools/campuses

This timeline does not apply to enrolments at specialist schools or registered specialist campuses. Specialist schools and campuses are encouraged to publish advice about any school-specific enrolment timelines on their school website, with reference to [Enrolment in specialist schools and other specialist education settings](#).
